

Christian Notley MBE

Turn Havant & Hampshire GOLD

I am passionate about the island, having first lived here in the 1960s and attended island schools and college locally. My aim would be to ensure the voices and concerns of all Hayling residents are heard on the county council. The county faces many problems, and many of these are amplified because Hayling is an Island and the Liberal Democrat party's best position is to make a positive change for all the people of the county.

My Aims

- ◆ Increase & improve our Health & Social services on the island
- ◆ Lobby to see improvement to Hayling roads, which have been neglected for many years by the conservative council
- ◆ Fight for better water quality around our island and ensure the water companies are held to account
- ◆ Continue the fight to keep Hayling Recycling Centre open
- ◆ Support our local school and our valued Hayling library
- ◆ Oppose future large-scale development on the island.

Having completed a BSc with Honours in Social Science, with Politics at the Open University, I took my skills Uganda, where I worked with the young people and helped to build several vocational training centres. Upon returning to the UK, this blossomed into working with Chichester College and Worldskills UK. My work with these got me noticed and I was nominated for an MBE, which I accepted.

I love the community on Hayling Island and am very passionate about raising the unique needs of the islanders at county council level.

I am a team player and look forward to working with the Lib Dems across Hampshire to defeat the Tories, who could lose control of Hampshire, after 28 years running the county.

Vote for me To turn Havant Gold Havant.

Lib Dems need to pull together to fight for the Lib Dem values we believe in.
